

— MY CHAMPION LABS —

Research. Experiment. Real-World Impact.

Insights for AI transformation.

Connecting AI adoption, human judgment, and organizational capability.

ORACLE & CHAMPION

One Case. One Blind-Spot Review. One Decision Brief.

US\$500

One bounded case

Bring one AI adoption or transformation challenge.

Receive a focused brief: blind spots, strategic options, operating boundaries, and a practical next test.

Scope agreed before payment.
Further collaboration scoped separately.

Explore the research

Explore the thinking behind the work.

Public framework summaries, research proposals, and development records: ideas, observations, and open questions for ongoing validation.

github.com/HillaryFan/My-Champion-Labs

The complete EIP white paper remains controlled.
Access may be discussed for relevant collaborations.

Start with a short, non-confidential case description.
